Tonnellerie Boutes

www.boutes.com

Boutes is a quality-driven, family owned-and-run cooperage with an outstanding reputation. Boutes pride themselves on maintaining control of all stages of production, including the acquisition of their oak material direct from the assorted forests rather than from secondary stave suppliers.

With their own stave mills and seasoning yards based in central France, they maintain further control and consistency through unique seasoning procedures. By maintaining production levels around 30,000 barrels per year, they are able to ensure that all stages of sourcing, seasoning and production are controlled and monitored through their thorough quality control system. Boutes barrels have a long history of working very well throughout the world with assorted varieties such as Cabernet Sauvignon, Shiraz, Merlot, Pinot Noir and Chardonnay. Their characteristics include soft extraction and roundness, with a focus on the wines structure rather than a distinctive flavour profile.

Boutes Tank Staves

Due to demand from existing customers, Boutes has developed a premium stave product, sourced and seasoned in the same way as their barrels. Staves are then toasted using radiation, for a consistent, deep penetrating toast. The aim is to extend the characteristic Boutes style to alternative products.

Specifications:

950 x 50 x 10 mm with a hole in each end (50mm from each end, 10mm diameter)

Surface area of 0.115 m²

Thermosealed packets of 22 staves. Each packet equates to 2.5 m²

4 packets to a box equates to 10 m²

22 staves (1 packet) equates to 1.3 225L barriques.

BOUTES	1 unit	1 box (88)	/m ²
Tank Staves	5.62 €	494.56 €	49.46 €

Boutes Large Format – Tanks and Vats

Boutes has the capability to build and supply large format tanks and vats of the highest quality.

Vats (large barrels) come in rounds or ovals, at 600 to 6000 litres capacity.

Tanks can be custom made for a variety of fermentation and storage options. Sizing ranges from 1000 to 7000 litres capacity.

All of these products are custom made to the clients' requirements with regards to positioning of valves, access doors, sample taps, cradles and other accessories and therefore must be quoted on a case by case basis.

Tonnellerie Claude Gillet

www.tonnellerie-gillet.com

The Gillet cooperage is based in St. Roman, Burgundy. Apart from their traditional following in Burgundy with Pinot Noir and Chardonnay, Gillet is proving itself to be a quality French oak supplier throughout the world's winegrowing regions with an assortment of varieties. The Gillet family pride themselves on Quality and Tradition with a very real respect for a winemaker's focus on consistency.

With a production of approximately 10,000 barrels per year, Gillet remains a very hands on Cooperage that retains control over oak supply and all steps of production. Used in the past only for Chardonnay and Pinot Noir, Gillet barrels are also producing some fantastic results with Shiraz, Viognier, Sauvignon Blanc and Semillon in the 'New World'.

Characteristics: Subtle spicy/savoury flavour typically with red wines and a nutty/ mineral character with whites. Gillet can tend to have quite a savoury flavour in the first 3-6 months which integrates into the wine with further time. The "Blonde" toast is a toasting profile which leaves the barrel on the brazier for a longer period of time with less heat, giving more subtle flavours. Most recently, Gillet is offering the "Grand Cru" toasting profile, which combines a "Blonde" style toast for heat penetration, then after the barrel has cooled it is re-toasted for a short period of time to provide a homogeneous and deep toast.

TRADITION: 24 months minimum seasoning
ELEGANCE: 36 months minimum seasoning

Tonnellerie Garonnaise

www.garonnaise.com

Tonnellerie Garonnaise from the South East of Bordeaux is our newest cooperage and offers a range of artisan barrels with a great balance of flavour and tannins.

Tonnellerie Garonnaise is located in Marmande, France (approx 80km East of Bordeaux centre). Garonnaise was bought by Tonnellerie Boutes in 2009 because of their superior craftsmanship, particularly with large oak barrels, vats and tanks.

The Barthe family is committed to maintaining the artisanal personality and style of the cooperage with production to be kept between 3,000 and 5,000 barrels per year. Combining this with the Boutes wood sourcing capabilities and quality assurance systems we get the best of both worlds which results in the unique sensory characteristics expected from a more 'traditional' cooperage with an assured quality and consistency.

Garonnaise offers a range of barrels which have been proven to provide characters associated with slow and soft extraction. This is achieved through the Garonnaise focus on toasting which involves a small brazier that is actually suspended inside the barrel to enable the radiant heat to influence the toasting rather than the flames of a more intense brazier. Radiation is the most important tool to gain better penetration into the stave wood, without 'charring' the inner surface of the barrel.

Anthony Radford

Managing Director, Vinum Australia

Anthony was one of the founders of Vinum Australia when the company was launched in 2000 and he became the Managing Director in 2008. Having grown up in South Australia's Barossa Valley, Anthony has been part of the winemaking community since his youth, and is experienced in all stages of the wine-making process. Thus he is well placed to give advice on the capabilities of all of the Vinum Australia barrel and stave products, from a winemaker's perspective.

Anthony lives and works in the Adelaide Hills with his wife Sarah and their two daughters, Emma and Katherine. He provides a dedicated and friendly service, making regular trips to the Cooperages in France, where he regularly hosts some of the Australian Boutes and Garonnaise customers, allowing them to visit and view the barrel making process from tree to cellar.
